4201 Locust St. Apt 304 Kansas City Missouri, 64110

Education:
Cebu Doctors' University, Major in Medical Technology

Major Artistic Accomplishments: 1. Kansas City Artist Coalition

For over two years, I've had the privilege of calling the Kansas City Artist Coalition my artistic home. This dynamic and vibrant community has been an essential part of my creative journey, providing only a physical studio space but also rich in opportunities for growth and collaboration.

2. 2022 Art in the Loop Streetcar Stop

I'm honored to have been part of the Kansas City Art in the Loop Streetcar Stop project, where I contributed my artistic vision to enliven public spaces and engage with the community. Through this initiative, I had the privilege of sharing my creativity with a diverse audience, making art an integral part of the urban landscape. It's been a rewarding experience that has allowed me to connect with the heart of Kansas City through the power of art.

3. Group Shows

I'm always thrilled to be part of a diverse and talented group of artists in group shows sharing the same creative space with fellow artists has been an inspiring journey, allowing us to collectively explore the depths of our creativity. Group shows are a celebration of our unique voices and artistic expressions, and I'm always excited to contribute my work to this collaborative showcase of talent and passion.

4. Outside Kansas City

I have been exploring opportunities outside Kansas City and I have been lucky enough to be a part of a group exhibition in Santa Clarita California. The show is

called Pop Culture which embraces the fusion of art and pop culture, "Pop Culture" welcomes the community to explore this dynamic, ever-evolving landscape through the eyes of our gifted exhibiting artists.
